taught by Dr. Bruce Lund

A half-day event to
assess where you are.
plan where you're going,
and teach you our systems.

Planned Always Outperform Unplanned!

Planning isn't something you "did" it's something you DO. It's an ongoing process that helps you do something better tomorrow than you are currently doing today.

~~What You'll Learn~~

We've got a plan for that!

Sales Performance

We'll teach you our proven formula for setting a dominant sales focus combined with the #1 selling system for salespeople in housing, banking, insurance, and financial services.

Marketing Performance

There's no denying the importance of marketing. The problem? It's time consuming and there are more digital tools than ever. Our system will give you daily must-have marketing tasks.

Free Download: PowerPoint, QR Book, Companion Videos.

Business Performance

Your business should be simple on paper but it's never going to be easy. We'll help you perform a business autopsy and help you identify the systems you need to build out to scale your business over the next 90-days.

Personal Performance

During this session, we'll break-down the concept of intentional congruence. How to build a business that serves your life vs. runs it. You can fill up the cup of others if your cup is empty. You are your greatest asset.
